

CHILD SUPPORT COMPUTATION WORKSHEET WITH CHILD ATTENDING SCHOOL(CSCW-CAS)

To determine Parent A and Parent B, see instructions

Parent A _____

Parent B _____

of Children Attending School (ORS 107.108) _____
of Joint Minor Children _____

Parent A

Parent B

Combined

		Parent A	Parent B	Combined
Income	1. Gross Monthly Income			
	1a. Rebuttal amount applied, if any (see worksheet S-4)			
	2. Spousal support received			
	3. Spousal support and/or mandatory union dues paid			
	4. Modified Gross Monthly Income (to line 1: add or subtract line 1a, add line 2, subtract line 3); enter result			
	Adjustments 5. Social Security benefits or Veterans' benefits received for joint child(ren) (enter in column of parent for whose disability or retirement benefits are received, regardless of who actually receives benefits)			
	6a. Number of nonjoint children for each Parent			
	6b. Credit for nonjoint children (reference scale for each Parent's income from line 4, using number of nonjoint children for each Parent , as appropriate)			
	7. Adjusted Gross Monthly Income (add lines 4 and 5 and subtract line 6b, for each parent); Combine amounts for Parent A and Parent B and enter result in 3 rd column			
	8. Percentage share of income (each parent's income from line 7 divided by the combined income)			
Basic Child Support	9. Basic Child Support Obligation (reference scale for combined income from line 7 and number of joint children)			
	9a. Basic Child Support Obligation for Joint Minor Child(ren) (amount on line 9 divided by total number of joint children, then multiplied by number of joint minor children)			
	9b. Basic Child Support Obligation for Child(ren) Attending School pursuant to ORS 107.108 (subtract line 9a from line 9; enter result)			
JOINT MINOR CHILD(REN)	10. Each parent's pro rata basic child support obligation (line 8 times line 9a for each parent).			
	<i>Do parties have a current written agreement or court order for parenting time equal to 20% or greater for both parents, and/or have split custody? If yes, complete worksheet S-2 and enter result below; if no, continue to line 12a.</i>			
	11. Each parent's pro rata basic child support obligation after parenting time credit from worksheet S-2, line 3 or 4c.			

Low Income Adjustment	12a. Each parent's single income obligation (reference scale for each parent's modified gross monthly income from line 4 and number of joint children; divide this number by number of joint children; multiply result by number of joint minor children)			
	12b. Monthly child support obligation before costs and adjustments >If no parenting time credit is included, enter zero for Parent A , enter the lesser of line 10 and line 12a for Parent B ; >If worksheet S-2 for parenting time is completed, enter the lesser of line 11 and line 12a for each parent			
Costs & Adjustments Enter costs in column of parent who incurs cost	13a. Child care costs for joint minor children only (see worksheet S-3)			
	13b. Medical expenses for joint minor children only (not health care coverage costs - see 13c)			
	13c. Health care coverage for joint minor children only			
	13d. Rebuttal amount applied, if any (amount by which cost of care should be increased or decreased for parent)(see worksheet S-4)			
	13e. Total Costs (add lines 13a, 13b and 13c for each parent; add or subtract line 13d)			
	14. Costs owed to Parent B (line 8, Parent A times line 13e, Parent B; if no Parent A, enter amount from line 13e)			
	15. Costs owed to Parent A (line 8, Parent B times line 13e, Parent A)			
	16. Monthly child support obligation after costs (line 12b, column 1 plus line 14 for Parent A and line 12b, column 2 plus line 15 for Parent B)			
	17. Net child support obligation (subtract smaller amount on line 16 from greater amount and enter result on line for parent with greater obligation; enter zero for other parent)			
Benefits Adjustment	18. If SSB or VB is received by Parent A as representative payee for joint minor child(ren) as a result of Parent B's disability or retirement			
Computing a Final Obligation for Joint Minor Child(ren)	19. Total Child Support Obligation Parent A - enter figure from line 17, Parent A Parent B - line 17 minus line 18; if negative value, enter zero			
	20a. Enter modified gross monthly income (from line 4) for each parent.			
Ability to Pay Calculation	20b. Self Support Reserve	884.00	884.00	
	20c. Each parent's income available for support (line 20a minus line 20b)			
	21. Monthly Child Support Obligation (enter the lesser of line 19 or line 20c)			
	21a. Rebuttal amount applied, if any (see worksheet S-4)			

	22. Total Monthly Child Support Obligation After Rebuttal (add or subtract line 21a from line 21)			
CHILD(REN) ATTENDING SCHOOL	23. Each parent's pro rata basic child support obligation for Child(ren) Attending School (line 8 times line 9b for each parent).			
Low Income Adjustment	24. Each parent's single income obligation (reference scale for each parent's modified gross monthly income from line 4 and number of joint children; divide this number by number of joint children; multiply result by number of joint Child(ren) Attending School)			
	25. Monthly child support obligation before costs and adjustments (enter the lesser of line 23 and line 24 for each parent)			
Costs & Adjustments (Enter costs in column of parent who incurs costs)	26a. Medical expenses (not health care coverage costs - see 26b)			
	26b. Health care coverage for Child(ren) Attending School only			
	26c. Rebuttal amount applied, if any (amount by which costs of care should be increased or decreased for parent) (see worksheet S-5)			
	26d. Total Costs (add lines 26a and 26b for each parent; add or subtract line 26c)			
	27. Monthly child support obligation after costs and adjustments (subtract line 26d from line 25 for each parent)			
Benefits Adjustment	28. Enter SSB or VB received by the Child(ren) Attending School as a result of a Parent's disability or retirement			
Computing a Final Obligation for Child(ren) Attending School	29. Total Child Support Obligation (line 27 minus line 28 for each parent; if negative value, enter zero)			
Ability to Pay Calculation	30a. Enter modified gross monthly income (from line 4) for each parent.			
	30b. Self Support Reserve	884.00	884.00	
	30c. Each parent's income available for support (line 30a minus line 30b for each parent)			
	31. Monthly Child Support Obligation (enter the lesser of line 29 or line 30c for each parent)			
	31a. Rebuttal amount applied, if any (see worksheet S-5)			
	32. Monthly Child Support Obligation of Each Parent After Rebuttal for Child(ren) Attending School (add or subtract line 31a from line 31 for each parent)			
	33. Monthly Child Support for Each Child Attending School (divide the amount on line 32 for each parent by the total number of Children Attending School)			

This Child Support Computation Worksheet with Child Attending School (CSCW-CAS) with the resulting obligation is one proposed method of calculating support for a CAS.

COMPUTED CHILD SUPPORT AMOUNTS:

PARENT A joint minor child(ren) worksheet	PARENT B joint minor child(ren) worksheet	PARENT A child(ren) attending school worksheet	PARENT B child(ren) attending school worksheet

Comments:

Nonjoint child(ren) of Parent A:

Nonjoint child(ren) of Parent B:
