

CHILD SUPPORT COMPUTATION SUPPLEMENTAL WORKSHEETS

WORKSHEET S-1 (PARENTING TIME FOR JOINT MINOR CHILD(REN))

If this is a 50/50 Shared custody calculation attribute 182.50 “overnights” to each parent or if this is a Split custody calculation attribute 365/0, 0/365 “overnights” to each parent for joint minor children and children attending school (if any).

Please note: The number of overnights must be an average of 2 consecutive years.

	Column 1	Column 2	Column 3
	Name: <hr/> # of Overnights	Name: <hr/> # of Overnights	Combined
1. Child #1			
2. Child #2			
3. Child #3			
4. Child #4			
5. Child #5			
6. Child #6			
7. Child #7			
8. Child #8			
9. Child #9			
10. Child #10*			
11. Total parenting overnights (total the number of overnights each parent spends with the joint minor child(ren))			
12. Multiply 365 by the total number of joint minor children			
13. Divide total parenting overnights from line 11 Column 1 by the total number of overnights in Column 3 line 12; enter result here (see instructions for converting a decimal to a percentage)			
14. Divide total parenting overnights from line 11 Column 2 by the total number of overnights in Column 3 line 12; enter result here (see instructions for converting a decimal to a percentage)			
15. Percentage of Parenting Time for Parenting Time Credit (Enter the name of the parent with the greater percentage of overnights from line 13 or 14, and their associated percentage of overnights under “Parent A”. Enter the name of the parent with the lesser percentage of overnights from line 13 or 14, and their associated percentage of overnights under “Parent B” If the parties have equal parenting time, either party may be entered as Parent A or Parent B. Transfer this information to CSCW, Parent A and Parent B).			
Name	Percentage Overnights		
Parent A _____	_____		
Parent B _____	_____		
*if there are more than 10 children, compute on a separate sheet of paper
