RULE SUMMARY

OAR 137-050-0700 provides a formal method for calculating support for a child attending school, age 18, living with a parent and attending high school.

OAR 137-050-0710 updates the method for calculating child support.

OAR 137-050-0715 clarifies income presumptions, adding more flexibility for using imputed and actual income.

OAR 137-050-0720 allows deduction of parent's own health care coverage costs; amends non-joint child terminology and the method for calculating non-joint child credit.

OAR 137-050-0725 clarifies how the basic support obligation is calculated, and applies the self-support reserve to the basic support obligation.

OAR 137-050-0730 provides updated instruction for calculating a parenting time credit.

OAR 137-050-0735 provides updated instruction for calculating child care costs for minor children.

OAR 137-050-0740 clarifies calculating credit against child support for Social Security and Veterans' Benefits.

OAR 137-050-0745 clarifies the obligated parent's self-support reserve in the child support calculation, as it applies to the basic support obligation, child care costs and medical support.

OAR 137-050-0750 changes how a medical support obligation is calculated and whether it will be ordered.

OAR 137-050-0755 changes the exception to the minimum order from 50% parenting time to 182.5 average overnights.

OAR 137-050-0760 provides for the use of rebuttals when a determination is made that the presumed amount is unjust or inappropriate.

OAR 137-050-0765 changes the deviation from the Guideline calculation by an agreed amount from 10 percent to 15 percent.
