

Need a parenting plan so your child can spend time with both parents?

We can help you develop a parenting plan so that your child can have structured time with both parents.

We can refer you to a local mediator who will help you and the other parent work together to develop a plan that works for your children. Talk to your case manager for a referral or go to our webpage: oregonchildsupport.gov/resources/pages/parenting_time.aspx

You can create your own parenting plan by accessing the Oregon Judicial Department parenting plans and forms at: courts.oregon.gov/OJD/OSCA/cpsd/courtimprovement/familylaw/Pages/parentingplan.aspx
